SUBJECT INDEX

ABORTION
Management of uterine perforation complicating first-trimester termination of pregnancy 232

ACANTHOLYSIS
See Eighth Autoimmunity Meeting 42

ACID SECRETION
Calcium channel blocker decreases pentagastrin-stimulated alkaline-tide: A role for extracellular calcium in gastric acid secretion 215

ACTIGRAPHIC RECORDINGS
Effects of workload on residents' sleep duration: Objective documentation 417

ACUTE SUBDURAL HEMATOMA
Acute subdural hematoma following disseminated intravascular coagulation associated with obstetric catastrophe 489

ADJUVANT THERAPY
See Advances in Clinical and Experimental Oncology (Special Issue)

ADOLESCENCES
Chronic fatigue syndrome: Pediatric aspects [Review Article] 330

ADRENAL HORMONES
Glucocoticoid receptors in depression [Focus] 705

ADULT RESPIRATORY DISTRESS SYNDROME
Acute interstitial pneumonia: A case of Hamman-Rich syndrome 367

ALKALINE PHOSPHATASE
Paget's disease of bone in Negev Bedouin: Report of two cases 628

ALKALINE TIDE
Calcium channel blocker decreases pentagastrin-stimulated alkaline-tide: A role for extracellular calcium in gastric acid secretion 215

ALLERGY
Basophils in allergy [Review Article] 513

AMALGAM
Mercury levels among dental personnel in Israel: A preliminary study 428

ANEMIA
Severe aplastic anemia due to ticlopidine 444
Recent advances in diagnosis and therapy in Gaucher's disease [Review Article] 505

ANTICARDIOLIPIN ANTIBODIES
See Eighth Autoimmunity Meeting 17

ANTI-ENDOMYSIAL ANTIBODIES
The diagnostic reliability of anti-endomysial antibody in celiac disease: The north Israel experience 218

ANTIBIOTIC RESISTANCE
Meningococcal disease in the Israel Defense Force: Epidemiological trends and new challenges 54

ANTIBIOTICS
Oral fluoroquinolone use in the community 59
A double-blinded, randomized, controlled clinical trial to compare cefazolin and cefonicid for antimicrobial prophylaxis in clean orthopedic surgery 62
Can an educational program improve the diagnosis and treatment of pharyngotonsillitis in the ambulatory care setting? 423
Neonatal mastitis — diagnosis and treatment 558
A survey of current Israeli practices and approach to partially treated meningitis in children 611
Partially treated meningitis in children — room for clinical judgement 638

ANTIBODIES
The significance of serum IgM, IgA and IgG antibodies specific for Epstein-Barr virus as determined by immunoperoxidase assay in the rapid diagnosis of infectious mononucleosis 280

ANTIPHOSPHOLIPID SYNDROME
See Eighth Autoimmunity Meeting 31

APHASIA
Slowly progressive aphasia, a left temporal variant of probable Pick's disease: 15 years of follow-up 626

ARTERIOSCLEROSIS
Atherosclerosis as an autoimmune condidition [Focus] 596

ARTHROPLASTY
The relativity of biocompatibility. A critique of the concept of biocompatibility 203

ASBESTOS
The association of occupational asbestos dust exposure and laryngeal carcinoma 540
Workers at risk: The need for biological monitoring [Editorial] 563

ATHEROSCLEROSIS
Oxidative modification of low density lipoprotein and its relation to atherosclerosis 241
Atherosclerosis as an autoimmune condition [Focus] 596

AUTOIMMUNITY
Atherosclerosis as an autoimmune condition [Focus] 596
EIGHTH AUTOIMMUNITY MEETING — M. Eric Gershwin Day
New avenues in autoimmunity research 2
Subpopulations of lymphocytes and autoimmunity 5
Intravenous immunoglobulin treatment in multiple sclerosis 7
Dominant epitopes and synthetic peptides in myasthenia gravis 10
A new experimental model for Wegener's granulomatosis 13
B_2 GP-1 cofactor and anticardiolipin antibodies 17
The molecular basis of primary biliary cirrhosis: Interfacing clinical medicine and wet bench research 22
Natural (antiphospholipid-PDH,-DNA) auto-antibodies and their physiologic serum inhibitors 31
Immunomodulation of autoimmunity by Linomide 38
Language, meaning and the immune system 36
Pemphigus — identifiying the autoantigen and its possible induction of epidermal acantholysis via Ca^{2+} signalling 42

AUTONOMIC NEUROPATHY
Diabetic esophageal neuropathy and esophageal changes 681

AUTOPSY
Is it possible to improve the autopsy rate? 436

B16-BL6 CELLS
See Advances in Clinical and Experimental Oncology (Special Issue) 86

BALNEOTHERAPY
Balneotherapy for rheumatoid arthritis at the Dead Sea 210

BASOPHILS
Basophils in allergy [Review Article] 513

BEDOUIN
High prevalence of thyroxine-binding globulin deficiency among Bedouin infants in southern Israel 500
Paget's disease of bone in Negev Bedouin: Report of two cases 628

BEHÇET'S DISEASE
Elevated serum interleukin 1 receptors and interleukin 1B in patients with Behçet's disease: Correlations with disease activity and severity 345
Cytokines and soluble cytokine receptors in Behçet's disease [Editorial] 374

BIOCOMPATIBILITY
The relativity of biocompatibility. A critique of the concept of biocompatibility 203

BIOLOGICAL MONITORING
Strategy of biological monitoring and setting of biological threshold limits (BAT values) in Germany 549
Workers at risk: The need for biological monitoring [Editorial] 563

BIOPSY
A comparison between referral and hospital cervical cytology laboratory reports 352

BIPOLAR DISORDER
Childhood mania revisited [Focus] 647

BLOOD DONORS
A study of Israeli blood donors, asymptomatic carriers of hepatitis C virus, in relation to liver disease, cryoglobulinemia and transmission 277

BONE
High prevalence of vitamin D deficiency among Ethiopian women immigrants to Israel: Exacerbation during pregnancy and lactation 221
Vitamin D levels in dark-skinned people [Editorial] 237
Recent advances in diagnosis and therapy in Gaucher's disease [Review Article] 505

BONE MARROW TRANSPLANTATION
See Advances in Clinical and Experimental Oncology (Special Issue) 137

BOOK REVIEWS
Facts and research in gerontology 1994 (Supplement). Dementia and cognitive impairments 335
Fatty acids and lipids: Biological aspects. Effects of fatty acids and lipids in health and disease 335
Health in Europe: The 1993/1994 Health for All monitoring report 336

BOSNIA AND HERZEGOVINA
Surgical experience at the Rama war hospital in Bosnia and Herzegovina 630

BOWEL RESECTION
Management of premature infants with extensive bowel resection with high volume enteral infusates 298

BREAST ABCESSES
Neonatal mastitis — diagnosis and treatment 558

BREAST CANCER
See Advances in Clinical and Experimental Oncology (Special Issue) 101, 144, 155, 160, 163, 169, 197

BREASTFEEDING
Patterns of breastfeeding among rural Moslem women in Israel: A descriptive account 411

BURKITT'S LYMPHOMA
Nonmetastatic superior sagittal sinus thrombosis complicating Burkitt's lymphoma: A case report 439

C-PEPTIDE
Suppression of insulin secretion by C-peptide infusion in humans 284

CALCIUM CHANNEL BLOCKER
Calcium channel blocker decreases pentagastrin-stimulated alkaline-tide: A role for extracellular calcium in gastric acid secretion 215

CALCIUM GLUCARATE
See Advances in Clinical and Experimental Oncology (Special Issue) 101

CAMPYLOBACTER JEJUNI
Acute cholecystitis caused by *Campylobacter jejuni* 696

CANCER
Advances in Clinical and Experimental Oncology (Special Issue in Memory of Prof. Shoshana Biran)
Introduction — Future needs in cancer care: hopes and realities 73
Three-dimensional conformal radiation therapy: recent development and prospects for the future 76
The involvement of thrombin RGD in metastasis: characterization of a cryptic adhesive site 86
Sub-additive effect of the combination of radiation and cisplatin in cultured murine and human cell lines 95
Calcium glucarate as a chemopreventive agent in breast cancer 101
Structural requirements for inhibition of melanoma lung colonization by heparanase inhibiting species of heparin 106
Accuracy of endoscopic ultrasonography for preoperative staging of esophageal malignancy 119
Mediastinal staging of lung cancer: the changing role of mediastinoscopy 122
Screening for prostate cancer 125
Radical retropubic prostatectomy in the treatment of localized prostate cancer: experience with 100 consecutive cases 129

Treatment options for localized cancer of the prostate 133
Re-visiting the role of radiation therapy in Hodgkin's disease 137
The best available adjuvant treatments are within the framework of clinical trials. The International Breast Cancer Study Group 144
CA-15-3, mucin-like carcinoma-associated antigen and tissue polypeptide-specific antigen: Correlation to disease state and prognosis is breast cancer patients 155
Management of malignant pleural effusion secondary to breast cancer: Talc pleurodesis and pleuroperitoneal shunting 160
Management of menopause in women with breast cancer 163
Clinical characteristics of second primary tumors following breast cancer 169
Hereditary ovarian cancer 172
Treatment of Hodgkin's disease at a local hospital 176
The impact of culture on perceptions of patient-physician satisfaction 179
Secondary hyperparathyroidism and nonmedullary thyroid cancer 186
Excision of intrathyroid metastases from extrathyroidal sources 189
Magnetic resonance imaging findings in primary pericardial mesothelioma 192
Fatal neutropenic colitis complicating successful chemotherapy for small cell lung cancer 194
The ethics of clinical trials 197

Cholesterol granuloma of the tunica vaginalis mimicking a neoplasm 235
A comparison between referral and hospital cervical cytology laboratory reports 352
Congenital mesoblastic nephroma associated with acquired von Willebrand Disease: A case report 441
Nonmetastatic superior sagittal sinus thrombosis complicating Burkitt's lymphoma: A case report 439
The association of occupational asbestos dust exposure and laryngeal carcinoma 540
Workers at risk: the need for biological monitoring [Editorial] 563
Screening for prostate cancer [Letter] 579
Effect of serum in growth medium on mucin synthesis by colon cancer cell line 600
Interferon-alpha-2b with VMCP for induction in multiple myeloma: The Israel Myeloma Cooperative Group experience 604
Interferon in multiple myeloma — does it pay? [Editorial] 635

CARDIOLOGY
Restenosis after PTCA [Review Article] 377
Israeli medicine telecommunicated to international meeting in Washington [Jerusalem Dateline] 466
Atherosclerosis as an autoimmune condition [Focus] 596

CASTLEMAN'S DISEASE
Radiologic spectrum of localized Castleman's disease 660

CEFAZOLIN
A double-blinded, randomized, controlled clinical trial to compare cefazolin and cefonicid for antimicrobial prophylaxis in clean orthopedic surgery 62

CEFONICID
A double-blinded, randomized, controlled clinical trial to compare cefazolin and cefonicid for antimicrobial prophylaxis in clean orthopedic surgery 62

CELIAC DISEASE
The diagnostic reliability of anti-endomysial antibody in celiac disease: The north Israel experience 218

CELL ADHESION
The Thy-1 molecule: Its properties and functions [Review Article] 382

CEREBROSPINAL FLUID
A survey of current Israeli practices and approach to partially treated meningitis in children 611
Patially treated meningitis in children — room for clinical judgement [Editorial] 638

CERVICAL SMEARS
A comparison between referral and hospital cervical cytology laboratory reports 352

CHEMOTHERAPY
Inteferon-alpha-2b with VMCP for induction in multiple myeloma: The Israel Myeloma Cooperative Group experience 604
Interferon in multiple myeloma — does it pay? [Editorial] 635
See Advances in Clinical and Experimental Oncology (Special Issue) 137, 144, 194

CHOLECYSTECTOMY
Is there a need for diagnostic upper gastrointestinal endoscopy before cholecystectomy? 536

CHOLECYSTITIS
Acute cholecystitis caused by *Campylobacter jejuni* 696

CHOLESTEROL
Oxidative modification of low density lipoprotein and its relation to atherosclerosis 241
Low density lipoprotein-cholesterol ester-derived linoleic acids is mainly incorporated into the phospholipid component of the macrophages 474

CHRONIC FATIGUE SYNDROME
Chronic fatigue syndrome: Pediatric aspects [Review Article] 330

CHYLOTHORAX
Chylothorax complicating ECMO and surgical repair of congenital diaphragmatic hernia [Letter] 388

CIRRHOSIS
Management of premature infants with extensive bowel resection with high volume enteral infusates 298
Post-transfusion etiology and non-cirrhotic histology improve the remission rate of chronic hepatitis C during interferon treatment 341

CISPLATIN
See Advances in Clinical and Experimental Oncology (Special Issue) 95

CLINICAL TRIALS
See Advances in Clinical and Experimental Oncology (Special Issue) 197

CLOSTRIDIUM
Bacterial neurotoxins — a thousand years later [Focus] 591

CLOSTRIDIUM DIFFICILE
Pseudomembranous colitis in a patient with a colostomy 370

COLCHICINE
Colchicine-induced lactose malabsorption in patients with familial Mediterranean fever 616

COLOSTOMY
Pseudomembranous colitis in a patient with a colostomy 370

COLORECTAL CANCER
Effect of serum in the growth medium on mucin synthesis by colon cancer cell line 600

COMBINED TREATMENT
Insulin-dependent diabetes of pregnancy treated with the combination of sulfonylurea and insulin 623
Oral hypoglycemic agents as an alternative therapy for gestational diabetes [Editorial] 640

COLITIS
